CHIEF KISSAM'S REPORT

As summer begins, the Simla Police Department would like to remind residents and visitors that this time of year traditionally brings an increase in travel, outdoor activity, and unfortunately, a corresponding rise in criminal mischief, theft, and reports of suspicious behavior.

With more people in and around our community, we recognize the importance of adapting our approach to ensure public safety. In response, officers will be increasing their patrol presence throughout the summer months. Residents can expect to see officers working extended evening hours and maintaining consistent coverage seven days a week.

Our strategy is simple: **a strong, visible presence helps deter crime before it occurs.** By being proactive, engaging with the community, and remaining highly visible, we aim to reduce opportunities for criminal activity and keep Simla a safe place to live, work, and visit.

We also want to emphasize that public safety is a shared responsibility. We encourage residents to take simple precautions such as:

- Locking vehicles, homes, and outbuildings
- Securing valuables, especially in plain sight
- Reporting suspicious activity promptly, no matter how minor it may seem

Items to Discuss

- Talking to CRWA circuit riders and CDPHE at the SRF Training, everybody is saying starting in 2029, CDPHE will start enforcing the new Discharge Monitoring Report requirements. This is what we had problems with in 2024. We will not be able to meet the new requirements. Our testing will go from \$3,000 a year to \$25,000 to \$30,000 and we will be in violation every month. We will need to either build a wastewater treatment plant or evaporative ponds. With the wastewater treatment plant, we will still have to \$25-\$30,000 yearly testing. With evaporative ponds, we have no discharge and therefore no testing requirements. I'm sure you know which option I'm pushing for. But, even with the water project, we also need to start a wastewater project to get ahead of the coming problems.
